ATTENTION ! Please ...

all forest campaigners, environmentalists & feral crew

Please pass this alert along, draw people's attention to it & display it publicly

Yeah it's finally come to this ... one more

<< RED ALERT >>

The future of NSW public forests in North East New South Wales is being decided **NOW!** Legislation on new national parks and resource security for the timber industry will probably be tabled in NSW Parliament in the 'sitting' week beginning Tuesday 20 October and will be debated during November sittings.

We are deeply worried that the NSW government will not deliver on their pre-election promises to complete the assessment process by the end of 1998 and achieve the protection of old growth and wilderness forests.

We are also very concerned that the draft legislation will contain unacceptable provisions such as resource security, exemptions from the EP&A Act 1979 Act and restrictions on the powers of the National Parks and Wildlife Service and the NSW Environmental Protection Authority.

It is critical that we again mobilise to demonstrate our concerns to the NSW Government.

Your URGENT ACTION is required.

Please act **NOW** on one or all of the requests below:

- Send an urgent fax to Premier Bob Carr on 02 9228 3935, Pam Allan on 02 9233 3617 Craig Knowles on 02 9228 3716 and Kim Yeadon on 02 9228 3801 requesting a 'comprehensive, adequate and representative forest reserve system, which is scientifically credible. Ask for further major reductions in timber quotas and no resource security.
- Send an urgent letter on the same points to the Premier and the above Ministers C/- NSW Parliament House, Macquarie Street, Sydney 2000.
- Get **ALL** the letters you may have collected and send them to Bob Carr **NOW** without delay!!
- Come to the Sydney Domain, behind NSW Parliament House on Monday afternoon 19/10/98 at 5:30pm for the latest briefing;
- Sign on to the roster for a vigil and info stall on Macquarie Street outside Parliament House over the next four weeks.
- Get ready to turn up again on Tuesday morning (20/10/98) for a demonstration outside the Parliament's gates: bring banners, placards, photos, musical instruments - the usual!

Portfolio Review	8 14	30 30	Students must complete a specified number of works, as detailed in the project requirements document. All works, suitably labelled should be submitted at the last studio session of the week specified.
Support work & Journal	8 14	20 20	Staff will specify and explain requirements.

All assessment's are graded.

Students must attend at least 80% of all timetabled classes to qualify for assessment.

Marks obtained during the semester may be scaled to obtain final grades.

Intended Distribution of Student Load

The assumed student workload is 10 hours per week; 3 hours of studio classes and 7 hours of studio research, project resolution and directed research.

In week 6 the above activities will be replaced by a field trip. Attendance is required as part of course work. Students not attending will complete required projects.

② Endangered Wildlife

Text. The forests of north-east NSW are among the most biologically diverse in the world. Our forests are home to thousands of native animals and plants. Many of them are only found here and hundreds are in danger of becoming extinct. They need our help.

Yellow-bellied Gliders live in the tall oldgrowth forests of NSW. They are perhaps the luckiest marsupial in the world. Their calls can be heard as they glide from tree top to tree top in search of nectar, insects and sap to eat.

Spotted-tailed Quolls are also known as Tiger Quolls or native cats. They live deep within the forest and hunt birds & small animals for food. Mother Quolls use hollow logs as a home to keep their young safe and warm.

Sooty Owls live in moist eucalypt forest and rainforest. They nest in the hollows of giant old trees. They have a long "falling bomb" whistle which they call while flying over the forests in search of prey.

The Shiny Horn Heath has only just been discovered. ~~It is found~~ It is found in only one small patch of forest on the north coast and nowhere else in the world. This plant is just one of the many wonders of our native forests.

Syllabus

Student Assessment Requirements

Below are the assessment requirements for this unit and a schedule of due dates.

Assessment Item	Week Required	% Weight	Special Requirements
-----------------	---------------	----------	----------------------

- (I'm still looking for a good pic of a sooty owl. Might have to use one from a book. Quoll pictures would also be good.)
(If this text is ok I'll use it for a leaflet as well.)
(Maybe needs logging threat reference?)
- ③ Good Forest / Bad Forest.

- Still waiting for photos from Ellis SF. Should be ready by 29th April.
- I think there should be just images and no text, just a label on the photo "T. thomcraft, Ellis State Forest, 1998."

INTRODUCTION

This Unit Information Booklet provides an introduction to, and an overview of, the Unit SS210 Australia/Asia.

At this stage, we will address two possible concerns you may have: firstly, who are the academic staff for this core unit; and secondly, what is Australia/Asia about? We will then move on to information of a more general nature, such as: how to plan your time, how much time you can expect to devote on a weekly basis (this will vary from one individual to another), assessment requirements and general preparation.

The staff are:

Professor Leon Cantrell

Professor Leon Cantrell is Professor of Australian Studies and Dean of the Faculty of Arts at Southern Cross University, Lismore. He is also the chair of the University's Academic Board. Leon holds his BA and MA degrees from the University of Sydney, and his PhD from the University of Nebraska in the USA. His particular academic interests are: Australian literature and cultural history, Aboriginal education, Australian/Asian relationships, and educational management and change.

Leon has lived and worked for extended periods in Europe and North America, and has travelled widely, visiting Lebanon and Iran and, in Asia, Indonesia, Thailand, Singapore, and Malaysia. In 1987 he spent a semester as Visiting Professor at Hubei University in Wuhan, China, and in 1989 he led an Australian university delegation to India. He has recently returned from visits to universities in Japan, Hong Kong and China.

His contact number during office hours is (066) 20 3831.

NEFA FOREST FESTIVAL

DRAFT PROPOSAL

A committee has been set up to organise a forest festival late October in support of the Comprehensive Regional Assessments for the North Coast Region. The event will focus on community awareness of the CRA as well as raising funds for NEFA and the Big Scrub Environment Centre in Lismore. It will be a fund-raising festival depending on volunteer workers and performers, sponsors and an array of informative stalls and workshops. We are applying for a permit for the Whian Whian State Forest camping ground, Rummery Park, as a possible site for the festival. These grounds are perfect for their proximity to the forest, facilities, and familiarity to many people in the region. Details follow;

Vision: A weekend festival in the forest open to all ages, for the purpose of fundraising, fun and information. We envisage two main nights of entertainment, winding down on Sunday evening. This will be provided by local bands and performers.

During the day there will be workshops covering a wide range of topics from activist workshops, bush foods, bush regeneration, walks, to drum and tepee making. The totally orgasmic organic Cafe Liberation will be present to supply a delicious array of vegetarian food and drinks. There will be various information stalls present including The Big Scrub Environment Centre, Hemp and NEFA.

A kids space will be set aside so children will be kept entertained and safe.

We are all aware that this is an area of unique beauty, and must make every effort to minimise human impact on the area.

Date: 30,31,1 of October 1998; set up Friday, clean up Monday

Place: Rummery Park, Whian Whian State Forest; subject to approval

Expected numbers: 200-500

Facilities: Toilets, fire places, all buildings, camping ground. Hire

of State Forest shack for the weekend.

We will supply our own firewood and have a water tanker ready to fill the tanks if necessary. We would probably have to supply extra toilet facilities.

We would be setting up marquees, a stage, and different spaces for information stalls.

First Aid /Security: First aid will be provided (maybe the Red Cross), and security will be organised from within.

Clean Up: We must guarantee the camping grounds will be left pristine.

Public Liability: This is subject to State Forest permit.

Gate: We envisage charging \$20 per head (kids free) for the weekend, hopefully with a symbolic gate across the road. We would have to let tourists through on the public access. We may have to cordon off the entertainment area.

Publicity: Being a relatively small site I feel too much publicity would have an adverse effect on Rummery Park. I think word-of-mouth and some posters should be plenty to get the numbers we want.

Sponsors: Sponsors for the initial outlay are being canvassed in return for their name on the posters.

Budget: Stage- \$60 for the weekend, thanks to Norpa
 Marquee- \$200
 PA and lights - \$100 ,thanks to Gummy
 Publicity-\$50-\$100 for photocopying,
including programs for the weekend
 Kitchen- \$1000
 Public Liability?- \$680
 Wood, Water,Petrol,Equipment - \$100-\$150
These are all approximate costs, and probably more.

CAMPAIGN ICONS

NEFA is developing cartoons characters of old growth forest dependant animals. These characters will help the public to understand that this forest assessment is crucial to all the living creatures that need old growth forest to survive.

Tiger the tiger quoll is a wilderness icon - he's a teenager so watch out!

Blossom the yellow bellied glider and her two babies petal and possum are the old growth icons, and

Aunty Sage, the sooty owl - what does she represent.....? Keep in touch for the next exciting instalment!

There will be a range of merchandise produced featuring these characters, and costumes are being produced for street theatre.

Images needed;

Photographs

- nice forest/ old growth tree (black and white/ good contrast) to be used as cover of introductory info leaflet
- yummy forest photo (for general display)
- good quality photos of endangered animals
- nice photo of brushbox rainforest
- aerial photo of a river (eg upper catchment)
- photo from point lookout
- overview photo of forested landscape
- good forest / trashed forest photos (eg Chaelundi - Tim to take???)

Cartoons/ drawings/ photos

- cartoons for leaflets
- protest drawing/ cartoon
- photos of forestry fuckups
- drawing/ photo of portable saw mill
- drawing/ photo of soil erosion
- photos/ images relating to jobs

Ideas for images for brochures

As printing is expensive, all of the leaflets should be photocopyable. Photos can not be reproduced adequately by photocopiers, we need as many good drawings and cartoons as possible.

Ideas for images for each leaflet;

1. nice forest (black and white, good contrast)
2. map, skyline, icon image eg Mount Warning, animals
3. protest image, survey image, city action/ court
4. endangered species images
5. enrol to vote, a person posting a letter, animals
6. bad forest images. images of fuckups, eg;
fauna - v notch prosecution image
flora - Giberagee
soil - erosion (ask Lyn for image)
7. aerial view of a river, thick regrowth, frog/ water, polluted stream
8. portable saw mill

**GENERAL LIABILITY INSURANCE FOR THE
ENTERTAINMENT & EVENTS INDUSTRY**

The Insured has made to GERLING AUSTRALIA INSURANCE COMPANY PTY LIMITED (hereinafter called "THE COMPANY/WE/OUR/US") an Application and Declaration which together with all statements made in writing by the Insured shall be the basis of this contract and be considered as incorporated herein.

In consideration of the payment of the premium stated in the Schedule and subject to the terms, conditions, provisions, exclusions, and Limits of Liability incorporated in this Policy, the COMPANY NAMED IN THE SCHEDULE (herein called the "Company") agrees to indemnify the Insured for all amounts which the Insured becomes legally liable to pay as compensation for Personal Injury, Property Damage, occurring during the period of Insurance as a result of an Occurrence happening in connection with the Insured's Premises or Business.

In accordance with the provisions of the Insurance (Agents and Brokers) Act 1984 (as amended) SLE Worldwide Australia Pty Limited ACN 066 698 575 on behalf of Gerling Australia Insurance Company Pty Limited ACN 069 085 196 gives notice that this contract has been effected under an Authority given to SLE Worldwide Australia Pty Limited by The Company. SLE Worldwide Australia Pty Limited has entered into the contract as an agent of The Company and not an agent of the Insured.

1. DEFINITIONS

For the purpose of this policy, the following definitions apply:

1.1 THE INSURED means:

- 1.1.1 the party so named in the Coverage Summary as "The Insured" and/or
- 1.1.2 subsidiary companies, organisations and other entities in which the Insured has a controlling interest;

and/or to the extent indicated in each case:

- 1.1.3 any director, executive officer, employee, partner or shareholders of The Insured or of a subsidiary company designated in paragraph 1.1.2 above, but only whilst acting within the scope of their duties in such capacity;
- 1.1.4 any principal in respect of the liability of such principal arising out of the performance by the Insured or by a company designated in paragraph 1.1.2 above of any contract or agreement for the performance of work for such principal, to the extent required by such contract or agreement (subject to the limitations elsewhere expressed in this Policy);
- 1.1.5 any office bearer or member of unincorporated social and/or sporting clubs, welfare or child care facilities formed with the consent of The Insured (other than an Insured designated in paragraph 1.1.4 above in respect of claims arising from duties connected with the activities of any such club or facility);
- 1.1.6 at the request of The Insured, any director or executive officer of The Insured in respect of private work undertaken by The Insured's employees for such directors or executive officers.

Provided that, in relation to the foregoing:

- 1.1.7 such person(s) shall comply with and be subject to the terms, conditions, exclusions, warranties, provisions, endorsements and memoranda of the Policy insofar as they can apply;
- 1.1.8 where "The Insured" is comprised of more than one party the words "The Insured" shall be considered as applying to each party comprising The Insured in the same manner as if that party were the only party named herein as The Insured;
- 1.1.9 nothing contained in this Definition 1.1 including the foregoing Provisos 1.1.7 to 1.1.8 shall operate to increase the limit of the Insurer's liability.

4. CONDITIONS APPLYING TO THIS POLICY

4.1 DUTY OF THE INSURED

The extent of the liability of the Insurer is conditional upon:

- 4.1.1 The notification as soon as possible by The Insured to the Insurer of any change materially varying any of the facts or circumstances existing at the commencement of this Policy;
- 4.1.2 The observance of the terms of the Policy by the Insured and by any other person claiming indemnity under this Policy:

4.2 PRECAUTIONS TO PREVENT PERSONAL INJURY OR DAMAGE TO PROPERTY

The Insured shall take all reasonable precautions to prevent Personal Injury and Damage to Property which may give rise to a claim under this Policy.

4.3 TRANSFER OF INTEREST

No interest in this Policy can be transferred without the written consent of the Insurer.

4.4 CLAIMS PROCEDURE

- 4.4.1 After the happening of any Occurrence or event which may give rise to a claim against the Insurer The Insured or his legal representative must:
 - 4.4.1.1 as soon as possible advise details to the Insurer and send written confirmation to the Insurer within 30 days;
 - 4.4.1.2 take all reasonable steps to prevent any further Liability;
 - 4.4.1.3 advise the Insurer of any impending prosecution or inquest;
 - 4.4.1.4 use his best endeavours to preserve any damaged or defective or other appliances, plant or things which might prove necessary or useful by way of evidence in connection with any claim and so far as may be reasonably practicable no alteration or repair shall be made to any premises, fencing, machinery, furnishings, fittings, appliances or plant without consent of the Insurer until the Insurer has had an opportunity of inspection;

4.8 INSURER'S RIGHTS

- 4.8.1 Subject to the provisions of the Insurance Contracts Act 1984 the Insurer has the right to recover any money paid by it from any person against whom The Insured may be able to claim and the Insurer shall have full discretion in the conduct, defence or settlement of any claim and
- 4.8.2 to take action in The Insured's name. The Insured and any other person entitled to indemnity under this Policy must not hinder these rights and must give all such information and co-operation as the Insurer may require.

RETURNING USED NEEDLES & SYRINGES

No one likes to see needles and syringes on the street.

IF YOU FIND A USED SYRINGE

1. Obtain a strong plastic screw top container of the type used for fruit juice. Always take the container to the syringe, avoid unnecessary handling.
2. Pick the syringe up by the blunt end away from the needle point. If the plastic cap is nearby, do NOT try to recap it. Place the container on the ground and put the syringe in the container - never hold the container while you are disposing of a syringe. Make sure the container is tightly sealed.
3. To arrange for the containers disposal you can:
 - Ring ADIS for information on disposal options:
(02) 331 2111, Country 008 422 599
or
 - Contact your local council's Environmental Health Officer
or
 - Ring this NSEP for advice.

WHAT TO DO IF YOU INJURE YOURSELF WITH A SYRINGE

1. Where possible retain the syringe which caused your injury.
2. Gently squeeze the wound so that it bleeds.
3. Wash the affected area with soap and water.
4. Apply an antiseptic and bandaid.
5. Contact your local community health centre of your GP who will advise you of the need for HIV testing, counselling and possibly Hepatitis inoculation.

AIDS PREVENTION and NEEDLE & SYRINGE EXCHANGE PROGRAMS

Increasing cooperation between local communities and needle and syringe exchange programs will assist us all to own and address the potential social problems associated with injecting drug use.

This pamphlet is an introduction to the objectives and work of the NSW Needle and Syringe Exchange Program

THE AIDS PANDEMIC

Perhaps no where on earth better demonstrates the devastating potential of the AIDS pandemic than the tragedy currently endured by the people of Uganda where 1 in 4 adults is infected and nearly one and a half million children have been orphaned. As inhabitants of a relatively affluent society it is easy to assume that tragedies of such astronomical magnitudes are third world horrors to which we in the developed world are thankfully immune. The truth is more complex.

FREE SYRINGES?

The rationale for supplying free syringes to injecting drug users in response to HIV/AIDS grew out of an increasing body of research that linked HIV transmission among injecting drug users to infection in the broader community. Studies had shown that 4 out of every 5 male drug users had a non using female partner who in some cases was unaware of her partners drug use. These findings, coupled with the warnings from epidemiologists that every branch of human services was likely to be overwhelmed by the consequences of the viruses spread into the general population, led to a recognition of the need to act decisively to block this avenue of infection. No developed country that has acted to prevent infection amongst injecting drug users has witnessed major outbreaks amongst women and children. This is why needle and syringe exchange programs are universally recognised as the cornerstone of Australia's successful campaign to limit the rate of HIV infection.

PROTECTING PUBLIC HEALTH

In Australia infection rates among those drug users who inject has been kept below 5% whereas in New York where public officials refused to implement needle exchange initiatives, until recently, 100,000 injectors are HIV positive. Australia has one of the highest rates of testing in the world yet is one of the few nations that can report a decline in new infections. Meanwhile New Yorkers note with dismay that 1 in every 58 babies born in that city is HIV positive while AIDS is now the sixth leading cause of death among young women. New York is not alone. As a result of successive administrations refusal to implement a comprehensive needle and syringe exchange program such as those we have in Australia AIDS has now surpassed accidents, heart disease and cancer as the major cause of death in young adults in 64 cities across the continental USA.

THE NEEDLE AND SYRINGE EXCHANGE PROGRAM

The Exchange is a prevention programme primarily concerned with the spread of HIV via the sharing of needles and syringes.

Established in 1988 as part of a NSW Department of Health initiative to stop the spread of HIV.

HOW IT WORKS

- **Clean needles and syringes** - Provided on the understanding, that once used they will be returned for safe disposal.
- **Condoms** - Provided on request.
- **Information** - The Exchange provides pamphlets, journals and booklets on HIV/AIDS, Hepatitis, general health, welfare and legal issues.
- **Education** - Provided to clients regarding safe sex and drug use behaviour practices, to help minimise the spread of HIV/AIDS. The Exchange also provides formal seminars on request to community groups, special groups (eg Police) or the general public.
- **Referral** - Extensive liaison list provides staff with the latest information for referral to relevant groups in the area (eg Methadone, Rehab, Narcotics Anonymous).
