Re: MORE UPDATE 18.2.94

PAN-COM M.O. REVIEW COLLECTIVE

D Purdon Associates advise that the revised target date are as follows.

Survey postal date	Wed 23 Feb
Closing date for returns	Wed 23 March

Interviews to be held on one day at relevant Councils between 28 Feb and 11 March. The precise details will be included in a covering letter with the Survey Form.

There have been between 30-40 responses to the DOP Advertisement statewide. Presumably this includes both registrations and comments from the public.

I have suggested they consider being contactable on the phone when they are at each council.

D I have pointed out that there may ^{be} those who may travel to council if it were practical but that it is unlikely that MO folk would make a special trip for this purpose!

Further that such folk who may seek clarification on the reason for a particular question may be prepared to make a local call to get an answer.

Purdons think this is a good idea and they are going to try and set it up.

Purdons aim to have a Draft Report to the DOP in early April and a Final Report in late April.

Peter

If not already received a copy of the final survey form is enclosed herewith. If not as enclosed & you would like an advance copy, please make contact with me.

PanCom is aiming to get.

Re: MORE UPDATE 21.1.94

PAN-COM M.O. REVIEW COLLECTIVE

=====

1. Re: Comments on the Draft MO SURVEY FORM.

Many thanks to those who were able to make comments on my draft submission re the proposed MO Survey Form. Collectively I consider we have made a good case for the DOP to rethink the way they have gone about conducting this Review.

The Bellingen MO Action Group have advised the DOP that if they proceed with the Survey Form in its present form, they will advise their members not to respond!

The consultants were expecting to get address lists of MO's from councils. Apparently this has not been forthcoming, or they are inadequate!!!

The DOP will now be advertising in local papers around the 29 Jan.

- (a) inviting MO's who want to receive the Survey Form to register with them for this purpose, and
- (b) seeking comments from neighbours of MO's.

The closing date for this is 11 Feb. It is proposed that any relevant matters raised in the advertised time, be then included in the Survey Form, which they now hope to have out in late Feb.

I believe it is important that we make every effort to get as many letters OF SUPPORT (particularly from neighbours) as is possible in this regard. Please network this request.

It may subsequently be useful for us to have an overview of the comments made. Please explain this to potential neighbours or supporters, (I do not see that "neighbour" is to be taken literally. I consider that eg. comments by former MO residents are also appropriate.)

Suggest that copies (a) be posted to Pan-Com P.O. Box 102 Nimbin, or (b) be given to you (to make a copy) and for you to then post the original to the DOP.

A reminder that the plan for the consultant to inspect a few selected MO's in Feb.- March, has been scrapped and in lieu they will be available on a particular day (to be advised) at Council, for anyone to make a personal submission to them!

Communities will be notified in writing by the Department or the consultant, when this is to happen.

I consider that a Pan-Com mailout should occur a few days before the consultants survey form is due to be received.

Are you able to help in preparing this mailout?

I expect that we will be able to obtain a copy of the DOP mailing list for this purpose.

2. Re: The COUNCIL MO SURVEY FORM as completed by LCC.

I see no need to address this at this time. I have made reference to it in our letter to the DOP. I see that the time to address this is at the time of the final report. The DOP have declined to give us a copy of the Consultants draft report on this section of the Brief!!

3. Draft DEVELOPMENT CONTROL PLAN FOR MO

The closing date for submissions to this Draft is 11 February.

Please spread the word as widely as possible for submissions to be made. Please ask those who plan to make a submission to send a copy to Pan Com, either c/- Nimbin Neighbour Centre, or PO Box 102 Nimbin.

To encourage this, can an arrangement be made that copies made at the Nimbin Neighbourhood Centre, be charged to Pan-Com?

The Council advises that they have sent a copy of draft to major MO's. If your community has not received a copy, please contact Malcolm Scott or myself.

4. Re a possible Pan-Com meeting in Feb. At the moment I see no pressing reason to call a meeting in Feb.

Regards,

Re: MORE UPDATE 14.1.94

I enclose herewith a copy of:-

1. LEGAL ADVICE to the LCC by Newport on Aim 2c(iii).
2. Purdon, MO COUNCIL SURVEY FORM as completed by LCC.

I would appreciate your comments on:-

- a. the design of the Survey form as such,
- and b. the actual data as supplied by the LCC. (eg. How accurate and appropriate is the information given?)

The Survey of councils has been completed and a draft report on this has been presented to the DOP.

I have requested the DOP for a copy of this draft, and this request is being considered.

From a brief description given to me, this report appears to simply be a compilation of the returns without any attempt to analyse or draw conclusions. As the consultants briefs requires them to analyse and make recommendation, I presume this will follow in their final report.

It is to be noted that the MO Survey Form, follows this Survey Form in many respects.

3. Purdon MO RESIDENT SURVEY FORM (Draft for comment)

This draft Form has just been presented to the DOP for their approval. Discussions were due to take place between the DOP and the consultant on the 12 Jan.

On approval, the consultant will prepare the Survey for circulation.

They are however, waiting on councils to supply them with a relevant mailing list for this purpose. If there is any delay in obtaining the addresses, this may set back the target date for circulation, which is early in Feb.

We have been given the opportunity to comment on this draft Form. My critique is attached.

I have arranged with Trevor Prior, the Regional Manager of the DOP that they will not approve the draft before the 18th, in the expectation that we will be able to get our comments to them by this date.

I WOULD APPRECIATE YOUR COMMENTS ON THIS CRITIQUE BY 16 JAN.

The plan for the consultant to inspect a few selected MO's in Feb. has been scrapped and in lieu they will be available on a particular day (to be advised) at Council, for anyone to make a personal submission to them!

Communities will be notified in writing by the Department or the consultant, when this is to happen.

4. A CHECKLIST OF SOE "THEMES" AND "INDICATORS" in respect to MO.
5. POTENTIAL SURVEY QUESTIONS from Pan-Com "brainstorm" in Dec. 1993.
6. BIBLIOGRAPHIC REFERENCES to other surveys and relevant MO issues.
7. Covering letter to Trevor Prior, Regional Manager DOP.

Your comments and suggestions on this letter would also be appreciated as a matter of urgency.

8. Draft DEVELOPMENT CONTROL PLAN FOR MO
(If not included and you wish to have a copy, please contact me).

The closing date for submissions to this Draft is 11 February.

Please spread the word as widely as possible for submissions to be made. Please ask those who plan to make a submission to send a copy to Pan Com, either c/- Nimbin Neighbour Centre, or PO Box 102 Nimbin.

The Council advises that they have sent a copy of this to major MO's. If your community has not received a copy, please contact Malcolm Scott.

Further copies are available from the Council.

I consider that a Pan-Com mailout should occur ideally to be delivered a few days before the consultants survey form is delivered. This^{is} expected to be early in Feb.

I would appreciate a volunteer(s) to prepare this mail out.

Re a possible Pan-Com meeting in Feb. At the moment I see no pressing reason to call a meeting in Feb.

Any comments you may have, on any or all the above, would be appreciated.

Regards,

Peter

(If not included and you wish to have a copy, please contact me).

The closing date for submissions to this Draft is 11 February.

Please spread the word as widely as possible for submissions to be made. Please ask those who plan to make a submission to send a copy to Pan Com, either c/- Nimbin Neighbour Centre, or PO Box 102 Nimbin.

The Council advises that they have sent a copy of this to major MO's. If your community has not received a copy, please contact Malcolm Scott.

Further copies are available from the Council.

I consider that a Pan-Com mailout should occur ideally to be delivered a few days before the consultants survey form is delivered. This^{is} expected to be early in Feb.

I would appreciate a volunteer(s) to prepare this mail out.

Re a possible Pan-Com meeting in Feb. At the moment I see no pressing reason to call a meeting in Feb.

Any comments you may have, on any or all the above, would be appreciated.

Regards,

... Peter ...

Dear

Re: MORE UPDATE 14.1.94

I enclose herewith a copy of:-

1. LEGAL ADVICE to the LCC by Newport on Aim 2c(iii).
2. Purdon, MO COUNCIL SURVEY FORM as completed by LCC.

I would appreciate your comments on:-

- a. the design of the Survey form as such,
- and b. the actual data as supplied by the LCC. (eg. How accurate and appropriate is the information given?)

The Survey of councils has been completed and a draft report on this has been presented to the DOP.

I have requested the DOP for a copy of this draft, and this request is being considered.

From a brief description given to me, this report appears to simply be a compilation of the returns without any attempt to analyse or draw conclusions. As the consultants briefs requires them to analyse and make recommendation, I presume this will follow in their final report.

It is to be noted that the MO Survey Form, follows this Survey Form in many respects.

3. Purdon MO RESIDENT SURVEY FORM (Draft for comment)

This draft Form has just been presented to the DOP for their approval. Discussions were due to take place between the DOP and the consultant on the 12 Jan.

On approval, the consultant will prepare the Survey for circulation.

They are however, waiting on councils to supply them with a relevant mailing list for this purpose. If there is any delay in obtaining the addresses, this may set back the target date for circulation, which is early in Feb.

We have been given the opportunity to comment on this draft Form. My critique is attached.

I have arranged with Trevor Prior, the Regional Manager of the DOP that they will not approve the draft before the 18th, in the expectation that we will be able to get our comments to them by this date.

I WOULD APPRECIATE YOUR COMMENTS ON THIS CRITIQUE BY 16 JAN.

The plan for the consultant to inspect a few selected MO's in Feb. has been scrapped and in lieu they will be available on a particular day (to be advised) at Council, for anyone to make a personal submission to them!

Communities will be notified in writing by the Department or the consultant, when this is to happen.

4. A CHECKLIST OF SOE "THEMES" AND "INDICATORS" in respect to MO.
5. POTENTIAL SURVEY QUESTIONS from Pan-Com "brainstorm" in Dec. 1993.
6. BIBLIOGRAPHIC REFERENCES to other surveys and relevant MO issues.
7. Covering letter to Trevor Prior, Regional Manager DOP.

Your comments and suggestions on this letter would also be appreciated as a matter of urgency.

8. Draft DEVELOPMENT CONTROL PLAN FOR MO
(If not included and you wish to have a copy, please contact me).

The closing date for submissions to this Draft is 11 February.

Please spread the word as widely as possible for submissions to be made. Please ask those who plan to make a submission to send a copy to Pan Com, either c/- Nimbin Neighbour Centre, or PO Box 102 Nimbin.

The Council advises that they have sent a copy of this to major MO's. If your community has not received a copy, please contact Malcolm Scott.

Further copies are available from the Council.

I consider that a Pan-Com mailout should occur ideally to be delivered a few days before the consultants survey form is delivered. This is expected to be early in Feb.

I would appreciate a volunteer(s) to prepare this mail out.

Re a possible Pan-Com meeting in Feb. At the moment I see no pressing reason to call a meeting in Feb.

Any comments you may have, on any or all the above, would be appreciated.
